EXPERIENCE

Web Developer
08/2020 – 12/2020

Design and development of a scheduling application for a beauty salon. Extensive use of React.js, bootstrap and SQL. Implementation of GitHub to ensure agile development with team members. Evaluating code to ensure it meets industry standards, is valid, is properly structured, and is compatible with browsers, devices, or operating systems. Determining user needs by analyzing technical requirements.

IT Technician Intern
08/2019 – 12/2019

Installing and configuring hardware and software components to ensure usability. Troubleshooting hardware and software issues. Repairing or replacing damaged hardware. Upgrading the entire system to enable compatible software on all computers. Installing and upgrading anti-virus software to ensure security at the user level. Performing tests and evaluations on new software and hardware. Providing support to users and being the first point of contact for error reporting. Establishing good relationships with all departments and colleagues. Conducting daily backup operations. Managing technical documentation.
